Public Meeting Announcement Ulster County Transit System Coordination and Development Plan

The Ulster County Transportation Council (UCTC), in cooperation with Ulster County Area Transit (UCAT) and the City of Kingston's Citibus, will conduct a public information meeting on December 1, 2011 to discuss the Transit System Coordination and Development Plan that is currently underway. Upon completion, the plan will provide the framework for making decisions over the next ten (10) years for all aspects of public transportation operations, capital facilities, maintenance and programming. The goal of the Plan is to provide better service and integration between transit systems and to provide public transportation that is more responsive and accessible to residents and visitors of the County at a lower cost.

The meeting will introduce the study, share findings to date and most importantly provide an opportunity to receive comments and input from County residents. **The meeting will take place at 6:30 p.m., Thursday, December 1st, 2011 in the George Washington Elementary School Cafeteria, 67 Wall Street, Kingston, New York.** Join us for an Open House from 6:30 p.m. to 7:00 p.m. to meet the planning team, followed by a formal presentation at 7:00 p.m. All will be given an opportunity to ask questions and provide comments. Comments may be directed to Kelly Coral via telephone: (888) 579.6643 or via email: kcoral@fhiplan.com or may be mailed to:
